

The Expert in Gaslines & Weldment Manufacturing

Integrated Manufacturing Technologies (IMT) was incorporated on 12th August 2004 after acquiring Pullbrite & Syncrovac. The principles that founded the previous two companies in 1980 remain in place. Unmatched Service, Quality and Experience are some of the reasons why IMT is the industry's first choice when it comes to Quality Manufacturing and Engineering.

A reputation has been established through the years for consistent Quality Services, at competitive prices. Please feel free to visit our facilities. We also specialize in short manufacturing runs and R&D projects. No job is too small. Quality is our #1 commitment, and it shows in our pride in craftsmanship, attention to detail, and on-time delivery. Our Quality Department is literally our entire work-force; highly-trained personnel inspect and analyze at every stage of production through delivery, thereby assuring our customers of the highest quality product and the best service available.

Our capabilities include: Ultra High Purity Gaslines in Cleanroom Environment, Valves assemblies in Cleanroom Environment, Orbital Welding, TIG, Manufacturing & Fabrication, Ball Pulling, Tube Bending, Ultrasonic DI Cleaning and ASME Pressure Code Welding.

We Serve a Wide Variety Of Industries, including: Semiconductor, High Vacuum, Bio/Med/Pharma, Food Service, Aerospace, Marine, and Facilities/Construction.

ISO Compliant

All of Our processes are documented and comply with [ISO 9002](#) standards. We also have process controls on all of our chemicals and equipment.

Approved supplier of Major USA Semiconductor Equipment Manufacturers.

Achievement Awards

- Lam Research-Vendor of the Year 1984
- Lam Research-Supplier of the Year 1990
- Lam Research-Special Recognition Award 1995
- California Water Pollution Control Association Award of Merit 1987, 1988
- Industrial Pre-treatment Program Excellence Award 1990 -Union Sanitary District (Local P.O.T.W.)
- Certificate of Merit 1989, 1990, 1993, 1994, 1995, 1997, 2000, 2001, 2003
- HAZMACON/ABAG
- Best Hazardous Waste Reduction of a Manufacturer or Facility in California 1994
- City of Fremont --Outstanding Environmental Leadership Program 1996
